an Apponant to the Upper  
gratiot Triangle.

The Upper Gratiot published about  
a week ago, a little poem  
saying to Shop at home you  
know. and now I have one  
Co. to appose it as I think you  
soon will see. For now I'm going  
to write it and see what you  
will say. On day as I was walk-  
ing along gratiot ave. I happened  
by draveses to get a little  
present I asked of Mr. Draves have  
you aney calenders. He ansered there  
all gone you know. I went a little  
father when I saw a candy  
store I asked him the same

question, but I got the same  
reply. So I passed on to the  
next one, and to my great regret  
found they had none there.

So I thought I try once more  
so I stepped into another store,  
but goodness gracious me they  
have nothing in this burg,  
So I got on to a Quaint City Hall  
And to the 10<sup>th</sup> store I went  
Bought my present in one minute.  
So always board a car, and  
never stop to wait, to fool  
away your time looking, then  
to late. But board a Quaint  
City Hall, and dont get your  
presents late

— This in the end of  
The Apponent to a tringle —  
Composed and written
