JOYCE JUNIOR HIGH SCHOOL  
Detroit:— Today after  
school over a hundred  
boys met in the  
largest room in the  
building and the principle

Although the house-wife  
of America is far from  
the horrors and dreads  
of the great world war  
she will nevertheless  
experience some of

 He said, "Germany although she is our enemy is not a country which can be whiped over night, here some began to clap, "That does not mean", he went on, "that I am not an American" "I am, for many generatives back, But it is to warn you boys, you no doubt are going into this plan with a free will, but remember America may not whip Germany over night and

although you are now but 14 or over the war may last untill you are of age or untill you are at least of age to join the regular army. Now if there are any present who do not wish to join, "there is the door", No one moved although this was a shuffel. After this he talked about what the training would consist The boy are to have uniforms which cost six dollars and wooden guns are

Wheat Could Not Get Scarce In One Week  
AN ARTICLE BY R.R. STEVENS

Why do the lakes raise the price of bread now. Is it because there is going to be a shortage of food in the country. It must be as wheat could not be

all shipped to the allies because it has only a week since the U.S. went into the war the speculator sees a chance to make a pile and takes it. In this time of war the people of America must pay. Read A PAGE IN THE HISTORY OF THE WORLD BY R.R. STEVENS
