— Always —

The new 1917 system  
is now announced  
The Detroit Delivery  
Dept. has been in  
active service for  
more than one year.

This new system  
will help the Dept.  
very much, it is.

You will make  
out your orders instead  
of us taking them  
and drop them in  
the order box at  
the office, this  
will save a

great deal of time  
and as soon as we  
get this order it  
will be promptly.

This new system  
will not go into  
effect until the  
first of the year

yours truly

FROM

Switzerland yearly  
produces 5,000,000 pounds  
of sugar.

It is estimated 21,000  
persons die from  
snake bites every  
year in India.

More than 5,000 women  
are now employed  
in the municipal  
street car service  
of Vienna. Of the  
12,000 male employees  
before the war 10,500  
have gone into the  
field. The war has  
completely changed

the street car service  
which is now in  
operation nearly 24  
hours a day, carrying  
not only ordinary  
passengers but at night  
hauling coal and  
merchandise.

If Michigan's crop  
of potatoes had been  
half as plentiful  
as Michigan's crop  
of Political speeches we  
might be able to  
live through the  
winter without having  
to mortgage the  
wife and family.
